5. "Code of Ordinances" means the Code of Ordinances of the City of New Sharon, Iowa.
6. "Council" means the city council of New Sharon, Iowa.
7. "County" means Mahaska County, Iowa.
8. "May" confers a power.
9. "Measure" means an ordinance, amendment, resolution or motion.
10. "Must" states a requirement.

19. “Street” or “highway” means the entire width between property lines of every way or place of whatever nature when any part thereof is open to the use of the public, as a matter of right, for purposes of vehicular traffic.

Words that are not defined in this Code of Ordinances or by the *Code of Iowa* have their ordinary meaning unless such construction would be inconsistent with the manifest intent of the Council, or repugnant to the context of the provision.

1.03 CITY POWERS. The City may, except as expressly limited by the Iowa Constitution, and if not inconsistent with the laws of the Iowa General Assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the City and of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents, and each and every provision of this Code of Ordinances shall be deemed to be in the exercise of the foregoing powers and the performance of the foregoing functions.

(Code of Iowa, Sec. 364.1)

1.04 INDEMNITY. The applicant for any permit or license under this Code of Ordinances, by making such application, assumes and agrees to pay for any injury to or death of any person or persons whomsoever, and any loss of or damage to property whatsoever, including all costs and expenses incident thereto, however arising from or related to, directly, indirectly, or remotely, the issuance of the permit or license, or the doing of anything thereunder, or the failure of such applicant, or the agents, employees, or servants of such applicant, to abide by or comply with any of the provisions of this Code of Ordinances or the terms and conditions of such permit or license, and such applicant, by making such application, forever agrees to indemnify the City and its officers, agents, and employees, and agrees to save them harmless from any and all claims, demands, lawsuits, or liability whatsoever for any loss, damage, injury, or death, including all costs and expenses incident thereto, by reason of the foregoing. The provisions of this section shall be deemed to be a part of any permit or license issued under this Code of Ordinances or any other ordinance of the City, whether expressly recited therein or not.

1.05 PERSONAL INJURIES. When action is brought against the City for personal injuries alleged to have been caused by its negligence, the City may notify in writing any person by whose negligence it claims the injury was caused. The notice shall state the pendency of the action, the name of the plaintiff, the name and location of the court where the action is pending, a brief statement of the alleged facts from which the cause arose, that the City believes that the person notified is liable to it for any judgment rendered against the City, and asking the person to appear and defend. A judgment obtained in the suit is conclusive in any action by the City against any person so notified, as to the existence of the defect or other cause of the injury or

damage, as to the liability of the City to the plaintiff in the first named action, and as to the amount of the damage or injury. The City may maintain an action against the person notified to recover the amount of the judgment together with all the expenses incurred by the City in the suit.

(Code of Iowa, Sec. 364.14)

1.06 RULES OF CONSTRUCTION. In the construction of this Code of Ordinances, the rules of statutory construction as set forth in Chapter 4 of the *Code of Iowa* shall be utilized to ascertain the intent of the Council, with the understanding that the term “statute” as used therein will be deemed to be synonymous with the term “ordinance” when applied to this Code of Ordinances.

1.07 EXTENSION OF AUTHORITY. Whenever an officer or employee is required or authorized to do an act by a provision of this Code of Ordinances, the provision shall be construed as authorizing performance by a regular assistant, subordinate, or a duly authorized designee of said officer or employee.

1.08 AMENDMENTS. All ordinances that amend, repeal, or in any manner affect this Code of Ordinances shall include proper reference to chapter, section, subsection, or paragraph to maintain an orderly codification of ordinances of the City.

(Code of Iowa, Sec. 380.2)

1.09 CATCHLINES AND NOTES. The catchlines of the several sections of this Code of Ordinances, titles, headings (chapter, section and subsection), editor’s notes, cross references, and State law references, unless set out in the body of the section itself, contained in this Code of Ordinances, do not constitute any part of the law and are intended merely to indicate, explain, supplement, or clarify the contents of a section.

1.10 ALTERING CODE. It is unlawful for any unauthorized person to change or amend, by additions or deletions, any part or portion of this Code of Ordinances, or to insert or delete pages, or portions thereof, or to alter or tamper with this Code of Ordinances in any manner that will cause the law of the City to be misrepresented.

1.11 SEVERABILITY. If any section, provision, or part of this Code of Ordinances is adjudged invalid or unconstitutional, such adjudication will not affect the validity of this Code of Ordinances as a whole or any section, provision, or part thereof not adjudged invalid or unconstitutional.

1.12 WARRANTS. If consent to enter upon or inspect any building, structure, or property pursuant to a municipal ordinance is withheld by any person having the lawful right to exclude, the City officer or employee having the duty to enter upon or conduct the inspection may apply to the Iowa District Court in and for the County, pursuant to Section 808.14 of the *Code of Iowa*, for an administrative search warrant. No owner, operator or occupant, or any other person having charge, care, or control of any dwelling unit, rooming unit, structure, building, or premises shall fail or neglect, after presentation of a search warrant, to permit entry therein by the municipal officer or employee.

Whenever this Code of Ordinances grants any discretionary power to the Council or any commission, board, or officer or employee of the City and does not specify standards to govern the exercise of the power, the power shall be exercised in light of the following standard: The discretionary power to grant, deny, or

revoke any matter shall be considered in light of the facts and circumstances then existing and as may be reasonably foreseeable, and due consideration shall be given to the impact upon the public health, safety and welfare, and the decision shall be that of a reasonably prudent person under similar circumstances in the exercise of the police power.

1.14 STANDARD PENALTY. Unless another penalty is expressly provided by this Code of Ordinances for violation of any particular provision, section, or chapter, any person failing to perform a duty required by this Code of Ordinances or otherwise violating any provision of this Code of Ordinances or any rule or regulation adopted herein by reference shall, upon conviction, be subject to a fine of at least \$105.00 but not to exceed \$855.00. (Code of Iowa, Sec. 364.22[3])

3.02 ENVIRONMENTAL VIOLATION. A municipal infraction that is a violation of Chapter 455B of the *Code of Iowa* or of a standard established by the City in consultation with the Department of Natural Resources, or both, may be classified as an environmental violation. However, the provisions of this section shall not be applicable until the City has offered to participate in informal negotiations regarding the violation or to the following specific violations:

(Code of Iowa, Sec. 364.22[1])

1. A violation arising from noncompliance with a pretreatment standard or requirement referred to in 40 C.F.R. §403.8.
2. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain, by a person not engaged in the industrial production or manufacturing of grain products.
3. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain, by a person engaged in such industrial production or manufacturing if such discharge occurs from September 15 to January 15.

3.03 PENALTIES. A municipal infraction is punishable by the following civil penalties:

(Code of Iowa, Sec. 364.22[1])

1. Standard Civil Penalties.
 - A. First offense – not to exceed \$750.00
 - B. Each repeat offense – not to exceed \$1,000.00

Each day that a violation occurs or is permitted to exist constitutes a repeat offense.

2. Special Civil Penalties.
 - A. A municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. §403.8, by an industrial user is punishable by a penalty of not more than \$1,000.00 for each day a violation exists or continues.

[†] **EDITOR'S NOTE:** For criminal penalty for violations of this Code of Ordinances, see Section 1.14.

B. A municipal infraction classified as an environmental violation is punishable by a penalty of not more than \$1,000.00 for each occurrence. However, an environmental violation is not subject to such penalty if all of the following conditions are satisfied:

- (1) The violation results solely from conducting an initial startup, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.
- (2) The City is notified of the violation within 24 hours from the time that the violation begins.
- (3) The violation does not continue in existence for more than eight hours.

3.04 CIVIL CITATIONS. Any officer authorized by the City to enforce this Code of Ordinances may issue a civil citation to a person who commits a municipal infraction. A copy of the citation may be served by personal service as provided in Rule of Civil Procedure 1.305, by certified mail addressed to the defendant at defendant's last known mailing address, return receipt requested, or by publication in the manner as provided in Rule of Civil Procedure 1.310 and subject to the conditions of Rule of Civil Procedure 1.311. A copy of the citation shall be retained by the issuing officer, and the original citation shall be sent to the Clerk of the District Court. If the citation affects real property and charges a violation relating to the condition of the property, including a building code violation, a local housing regulation violation, a housing code violation, or a public health or safety violation, after filing the citation with the Clerk of the District Court, the City shall also file the citation in the office of the County Treasurer.

3.05 ALTERNATIVE RELIEF. Seeking a civil penalty as authorized in this chapter does not preclude the City from seeking alternative relief from the court in the same action. Such alternative relief may include, but is not limited to, an order for abatement or injunctive relief.

(Code of Iowa, Sec. 364.22[8])

3.06 ALTERNATIVE PENALTIES. This chapter does not preclude a peace officer from issuing a criminal citation for a violation of this Code of Ordinances or regulation if criminal

penalties are also provided for the violation. Nor does it preclude or limit the authority of the City to enforce the provisions of this Code of Ordinances by criminal sanctions or other lawful means.

HAZARDOUS SUBSTANCE SPILLS

36.01 Purpose
36.02 Definitions
36.03 Cleanup Required
36.04 Liability for Cleanup Costs

36.05 Notifications
36.06 Police Authority
36.07 Liability

36.01 PURPOSE. In order to reduce the danger to the public health, safety, and welfare from the leaks and spills of hazardous substances, these regulations are promulgated to establish responsibility for the treatment, removal and cleanup of hazardous substance spills within the City limits.

36.02 DEFINITIONS. For purposes of this chapter the following terms are defined:

1. “Cleanup” means actions necessary to contain, collect, control, identify, analyze, clean up, treat, disperse, remove, or dispose of a hazardous substance.

(Code of Iowa, Sec. 455B.381[1])

2. “Hazardous condition” means any situation involving the actual, imminent, or probable spillage, leakage, or release of a hazardous substance onto the land, into a water of the State, or into the atmosphere which creates an immediate or potential danger to the public health or safety or to the environment.

(Code of Iowa, Sec. 455B.381[4])

3. “Hazardous substance” means any substance or mixture of substances that presents a danger to the public health or safety and includes, but is not limited to, a substance that is toxic, corrosive, or flammable, or that is an irritant or that generates pressure through decomposition, heat, or other means. “Hazardous substance” may include any hazardous waste identified or listed by the administrator of the United States Environmental Protection Agency under the Solid Waste Disposal Act as amended by the Resource Conservation and Recovery Act of 1976, or any toxic pollutant listed under Section 307 of the Federal Water Pollution Control Act as amended to January 1, 1977, or any hazardous substance designated under Section 311 of the Federal Water Pollution Control Act as amended to January 1, 1977, or any hazardous material designated by the Secretary of Transportation under the Hazardous Materials Transportation Act.

(Code of Iowa, Sec. 455B.381[5])

4. “Responsible person” means a person who at any time produces, handles, stores, uses, transports, refines, or disposes of a hazardous substance, the release of which creates a hazardous condition, including bailees, carriers, and any other person in control of a hazardous substance when a hazardous condition occurs, whether the person owns the hazardous substance or is operating under a lease, contract, or other agreement with the legal owner of the hazardous substance.

(Code of Iowa, Sec. 455B.381[7])

36.03 CLEANUP REQUIRED. Whenever a hazardous condition is created by the deposit, injection, dumping, spilling, leaking or placing of a hazardous substance, so that the hazardous substance or a constituent of the hazardous substance may enter the environment or be emitted

into the air or discharged into any waters, including ground waters, the responsible person shall cause the condition to be remedied by a cleanup, as defined in the preceding section, as rapidly as feasible to an acceptable, safe condition. The costs of cleanup shall be borne by the responsible person. If the responsible person does not cause the cleanup to begin in a reasonable time in relation to the hazard and circumstances of the incident, the City may, by an authorized officer, give reasonable notice, based on the character of the hazardous condition, said notice setting a deadline for accomplishing the cleanup and stating that the City will proceed to procure cleanup services and bill the responsible person for all costs associated with the cleanup if the cleanup is not accomplished within the deadline. In the event that it is determined that immediate cleanup is necessary as a result of the present danger to the public health, safety and welfare, then no notice shall be required and the City may proceed to procure the cleanup and bill the responsible person for all costs associated with the cleanup. If the bill for those services is not paid within 30 days, the City Attorney shall proceed to obtain payment by all legal means. CHAPTER 46

MINORS

46.01 Curfew

46.02 Cigarettes and Tobacco

46.03 Contributing to Delinquency

46.01 CURFEW. The Council has determined that there has been an increase in juvenile violence and crime by persons under the age of 18 in the City and that persons under the age of 18 are particularly susceptible, by their lack of maturity and experience, to participate in unlawful and gang-related activities and to be victims of older perpetrators of crime. The City has determined that a curfew for minors is necessary to provide for the protection of minors from each other and from other persons, for the enforcement of parental control over and responsibility for children, for the protection of the general public and for the reduction of the incidence of juvenile criminal activities.

1. Definitions. For use in this section, the following terms are defined:
 - A. “Curfew hours” means 11:00 p.m. until 6:00 a.m.
 - B. “Emergency” means an unforeseen combination of circumstances or the resulting state that call for immediate action. The term includes, but is not limited to, a fire, a natural disaster, an automobile accident or any other situation requiring immediate action to prevent serious illness, bodily injury or loss of life.
 - C. “Establishment” means any privately owned place of business operated for a profit to which the public is invited, including but not limited to any place of amusement or entertainment.
 - D. “Guardian” means: (i) a person who, under court order, is the guardian of the person of a minor; or (ii) a public or private agency with whom a minor has been placed by a court.
 - E. “Minor” means any person under 18 years of age.
 - F. “Operator” means any person operating, managing or conducting any establishment. The term includes the members or partners of an association or partnership and the officers of a corporation.
 - G. “Parent” means a person who is: (i) a biological parent, adoptive parent or step-parent of another person; or (ii) at least 18 years of age and authorized by a parent or guardian to have the care and custody of a minor.
 - H. “Public place” means any place to which the public or a substantial group of the public has access and includes, but is not limited to, streets, highways and the common area of schools, hospitals, apartment houses, office buildings, transport facilities and shops.
 - I. “Remain” means to: (i) linger or stay; or (ii) fail to leave premises when requested to do so by a police officer or law enforcement officer or the owner, operator or other person in control of the premises.

J. “Serious bodily injury” means bodily injury that creates a substantial risk of death or that causes death, serious permanent disfigurement or protracted loss of impairment of the function of any bodily member or organ.

2. Offenses.

A. A minor commits an offense if the minor remains in any public place or on the premises of any establishment within the City during curfew hours.

B. A parent or guardian of a minor commits an offense if said parent or guardian knowingly permits or, by insufficient control, allows the minor to remain in any public place or on the premises of any establishment within the City during curfew hours.

C. The owner, operator, or any employee of an establishment commits an offense if said person knowingly allows a minor to remain upon the premises of the establishment during curfew hours.

3. Defenses. It is a defense to prosecution under this section that the minor was:

A. Accompanied by the minor’s parent or guardian;

B. On an errand at the direction of the minor’s parent or guardian, without any detour or stop;

C. In a motor vehicle involved in interstate travel;

D. Engaged in an employment activity, or going to or returning home from an employment activity, without any detour or stop;

E. Involved in an emergency;

F. On the sidewalk abutting the minor’s residence or abutting the residence of a next door neighbor if the neighbor did not complain to the Police Department or law enforcement officer about the minor’s presence;

G. Attending (or going to or returning home from, without any detour or stop) an official school, religious or other recreational activity supervised by adults and sponsored by the City, a civic organization or another similar entity that takes responsibility for the minor;

H. Exercising First Amendment rights protected by the United States Constitution, such as the free exercise of religion, freedom of speech and the right of assembly; or

I. Married or had been married.

It is a defense to prosecution under Paragraph 46.01(2)(C) of this chapter that the owner, operator or employee of an establishment promptly notified the Police Department or law enforcement officer that a minor was present on the premises of the establishment during curfew hours and refused to leave.

4. Enforcement Procedures.

A. Before taking any enforcement action under this section a police officer or law enforcement officer shall ask the apparent offender’s age and reason for being in the public place. The officer shall not issue a citation or make an arrest under this section unless the officer reasonably believes that an offense has occurred and that, based on any response and other circumstances, no defense in Subsection 3 of this section is present.

B. A minor who is in violation of this section shall be reunited with the minor's parent or guardian or custodian or other adult taking the place of the parent or shall be taken home by the police officers or law enforcement officer of the City.

46.02 CIGARETTES AND TOBACCO. It is unlawful for any person under 21 years of age to smoke, use, possess, purchase, or attempt to purchase any tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes. Possession of tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes by an individual under 21 years of age shall not constitute a violation of this section if the individual under 21 years of age possesses the tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes as part of the person's employment and said person is employed by a person who holds a valid permit under Chapter 453A of the *Code of Iowa* or who lawfully offers for sale or sells cigarettes or tobacco products.

(Code of Iowa, Sec. 453A.2)

46.03 CONTRIBUTING TO DELINQUENCY. It is unlawful for any person to encourage any child under 18 years of age to commit any act of delinquency.

(Code of Iowa, Sec. 364.12[3h])

 - B. Location of Nuisance. The location of the nuisance.

[†] **EDITOR'S NOTE:** A suggested form of notice for the abatement of nuisances is included in the Appendix of this Code of Ordinances. Caution is urged in the use of this administrative abatement procedure, particularly where cost of abatement is more than minimal or where there is doubt as to whether or not a nuisance does in fact exist. If compliance is not secured following notice and hearings, we recommend you review the situation with your attorney before proceeding with abatement and assessment of costs. Your attorney may recommend proceedings in court under Chapter 657 of the *Code of Iowa* rather than this procedure.

- C. Acts Necessary to Abate. A statement of the act or acts necessary to abate the nuisance.
- D. Reasonable Time. A reasonable time within which to complete the abatement.
- E. Assessment of City Costs. A statement that if the nuisance or condition is not abated as directed and no request for hearing is made within the time prescribed, the City will abate it and assess the costs against the property owner.

(Code of Iowa, Sec. 364.12[3h])
3. Request for Hearing. Any person ordered to abate a nuisance may have a hearing with the Council as to whether a nuisance exists. A request for a hearing must be made in writing and delivered to the Clerk within the time stated in the notice, or it will be conclusively presumed that a nuisance exists and it must be abated as ordered. The hearing will be before the Council at a time and place fixed by the Council. The findings of the Council shall be conclusive and, if a nuisance is found to exist, it shall be ordered abated within a reasonable time under the circumstances.
4. Abatement in Emergency. If it is determined that an emergency exists by reason of the continuing maintenance of the nuisance or condition, the City may perform any action that may be required under this chapter without prior notice. The City shall assess the costs as provided in Subsection 6 of this section after notice to the property owner under the applicable provisions of Subsections 1 and 2, and the hearing as provided in Subsection 3.
(Code of Iowa, Sec. 364.12[3h])
5. Abatement by City. If the person notified to abate a nuisance or condition neglects or fails to abate as directed, the City may perform the required action to abate, keeping an accurate account of the expense incurred. The itemized expense account shall be filed with the Clerk, who shall pay such expenses on behalf of the City.
(Code of Iowa, Sec. 364.12[3h])
6. Collection of Costs. The Clerk shall send a statement of the total expense incurred by certified mail to the property owner who has failed to abide by the notice to abate, and if the amount shown by the statement has not been paid within one month, the Clerk shall certify the costs to the County Treasurer and such costs shall then be collected with, and in the same manner as, general property taxes.
(Code of Iowa, Sec. 364.12[3h])
7. Installment Payment of Cost of Abatement. If the amount expended to abate the nuisance or condition exceeds \$500.00, the City may permit the assessment to be paid in up to 10 annual installments, to be paid in the same manner and with the same interest rates provided for assessments against benefited property under State law.
(Code of Iowa, Sec. 364.13)
8. Failure to Abate. Any person causing or maintaining a nuisance who shall fail or refuse to abate or remove the same within the reasonable time required and specified in the notice to abate is in violation of this Code of Ordinances.

50.07 MUNICIPAL INFRACTION ABATEMENT PROCEDURE. In lieu of the abatement procedures set forth in Section 50.06, the requirements of this chapter may be

enforced under the procedures applicable to municipal infractions as set forth in Chapter 3 of this Code of Ordinances.

 - A. A vehicle that has been left unattended on public property for more than 24 hours and lacks current registration plates or two or more wheels or other parts which renders the vehicle totally inoperable.
 - B. A vehicle that has remained illegally on public property for more than 24 hours.
 - C. A vehicle that has been unlawfully parked or placed on private property without the consent of the owner or person in control of the property for more than 24 hours.
 - D. A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of 10 days. However, a police authority may declare the vehicle abandoned within the 10-day period by commencing the notification process.
 - E. Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic.
 - F. A vehicle that has been impounded pursuant to Section 321J.4B of the *Code of Iowa* by order of the court and whose owner has not paid the impoundment fees after notification by the person or agency responsible for carrying out the impoundment order.
2. “Demolisher” means a person licensed under Chapter 321H of the *Code of Iowa* whose business it is to convert a vehicle to junk, processed scrap or scrap metal, or otherwise to wreck, or dismantle vehicles.
3. “Garage keeper” means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.
4. “Police authority” means the Iowa State Patrol or any law enforcement agency of a county or city.

80.02 AUTHORITY TO TAKE POSSESSION OF ABANDONED VEHICLES. A police authority, upon the authority’s own initiative or upon the request of any other authority having the duties of control of highways or traffic, shall take into custody an abandoned vehicle on public property and may take into custody any abandoned vehicle on private property. The police authority may employ its own personnel, equipment, and facilities or hire a private entity,

equipment, and facilities for the purpose of removing, preserving, storing, or disposing of abandoned vehicles. A property owner or other person in control of private property may employ a private entity that is a garage keeper to dispose of an abandoned vehicle, and the private entity may take into custody the abandoned vehicle without a police authority's initiative. If a police authority employs a private entity to dispose of abandoned vehicles, the police authority shall provide the private entity with the names and addresses of the registered owners, all lienholders of record, and any other known claimant to the vehicle or the personal property found in the vehicle.

(Code of Iowa, Sec. 321.89[2])

80.03 NOTICE BY MAIL. The police authority or private entity that takes into custody an abandoned vehicle shall notify, within 20 days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to the parties' last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model and vehicle identification number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within 10 days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of the notice. The notice shall also state that the failure of the owner, lienholders or claimants to exercise their right to reclaim the vehicle or personal property within the time provided shall be deemed a waiver by the owner, lienholders and claimants of all right, title, claim and interest in the vehicle or personal property and that failure to reclaim the vehicle or personal property is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher and to disposal of the personal property by sale or destruction. If the abandoned vehicle was taken into custody by a private entity without a police authority's initiative, the notice shall state that the private entity may claim a garage keeper's lien as described in Section 321.90 of the *Code of Iowa*, and may proceed to sell or dispose of the vehicle. If the abandoned vehicle was taken into custody by a police authority or by a private entity hired by a police authority, the notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police authority or private entity or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters. If the persons receiving notice do not ask for a hearing or exercise their right to reclaim the vehicle or personal property within the 10-day reclaiming period, the owner, lienholders or claimants shall no longer have any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest of the owner, lienholders or claimants after the expiration of the 10-day reclaiming period.

(Code of Iowa, Sec. 321.89[3a])

80.04 NOTIFICATION IN NEWSPAPER. If it is impossible to determine with reasonable certainty the identity and addresses of the last registered owner and all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under Section 80.03. The published notice may contain multiple listings of abandoned vehicles and personal property but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in Section 80.03.

(Code of Iowa, Sec. 321.89[3b])

80.05 FEES FOR IMPOUNDMENT. The owner, lienholder, or claimant shall pay all towing and storage fees as established by the storage facility, whereupon the vehicle shall be released.

(Code of Iowa, Sec. 321.89[3a])

80.06 DISPOSAL OF ABANDONED VEHICLES. If an abandoned vehicle has not been reclaimed as provided herein, the police authority or private entity shall make a determination as to whether or not the motor vehicle should be sold for use upon the highways, and shall dispose of the motor vehicle in accordance with State law.

(Code of Iowa, Sec. 321.89[4])

80.07 DISPOSAL OF TOTALLY INOPERABLE VEHICLES. The City or any person upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost or destroyed, may dispose of such motor vehicle to a demolisher for junk, without a title and without notification procedures, if such motor vehicle lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable. The police authority shall give the applicant a certificate of authority. The applicant shall then apply to the County Treasurer for a junking certificate and shall surrender the certificate of authority in lieu of the certificate of title.

(Code of Iowa, Sec. 321.90[2e])

80.08 PROCEEDS FROM SALES. Proceeds from the sale of any abandoned vehicle shall be applied to the expense of auction, cost of towing, preserving, storing, and notification required, in accordance with State law. Any balance shall be held for the owner of the motor vehicle or entitled lienholder for 90 days, and then shall be deposited in the State Road Use Tax Fund. Where the sale of any vehicle fails to realize the amount necessary to meet costs the police authority shall apply for reimbursement from the Department of Transportation.

(Code of Iowa, Sec. 321.89[4])

80.09 DUTIES OF DEMOLISHER. Any demolisher who purchases or otherwise acquires an abandoned motor vehicle for junk shall junk, scrap, wreck, dismantle, or otherwise demolish such motor vehicle. A demolisher shall not junk, scrap, wreck, dismantle, or demolish a vehicle until the demolisher has obtained the junking certificate issued for the vehicle.

90.01 PURPOSE. The purpose of this chapter is to set forth the terms and conditions of an agreement made between the City and the Mahaska Rural Water System, Inc. (hereinafter “MRWS”), for the construction, maintenance, and operation of the water treatment and distribution system and including the construction of improvement to water plant, new raw water main transmission, and water main replacements.

90.02 ADMINISTRATOR. No separate legal or administrative entity shall be established in order to administer the agreement or the Project. MRWS is hereby designated as administrator for the joint or cooperative undertaking as required by Section 28E.6, *Code of Iowa*.

90.03 FINANCIAL OBLIGATIONS. Subsequent to the execution of the agreement, the City shall proceed to do a subrecipient agreement with Community Development Block Grant (“CDBG”) funds and MRWS shall attempt to procure loan commitments from the government for the terms and conditions of any such agreements and commitments.

90.04 PROFESSIONAL SERVICE AGREEMENTS. The City hereby empowers MRWS to engage the services of a grant administrator, an architect/engineer and attorney, and to adopt plans and specifications for the construction of the Project in accordance with all federal, State and local laws and regulations.

90.05 OWNERSHIP AND OPERATION OF SYSTEM. Unless otherwise agreed, the existing water treatment, wells, and distribution system, any and all easements and all improvements thereto which are acquired, constructed, or installed for the Project shall be assigned to MRWS for the duration of the agreement and shall revert to the City upon termination of the agreement. All real estate shall remain owned by the City. It shall be the duty of MRWS to operate and maintain the entire water system.

90.06 PROPERTY ACQUISITION. The City and MRWS agree to acquire all real estate necessary to construct, operate, and maintain the water treatment, wells, and distribution system.

90.07 CONSTRUCTION. MRWS shall cause contracts to be let in accordance with all State, CDBG and government requirements to construct the Project. In the event the amounts of the lowest responsible bids received for construction of the Project, plus the estimated cost of professional services and a reasonable reserve for contingencies exceed the balance of the funds committed to the construction, MRWS shall have the right and option to reject any such bids and upon agreement by all of the parties, the Project shall be redesigned so as to keep the maximum cost of the project at less than the total of the funds committed.

90.08 USE OF SYSTEM. The City agrees to adopt and enforce such ordinances as may be required to regulate the use of the entire water system.

90.09 FEES AND CHARGES. As long as this agreement is in effect, MRWS shall establish rates or charges to consumers of the services of the water system sufficient in each year for the payment of the proper and reasonable expenses of the operation and maintenance of the water system and for the payment of principal and interest on any bonds or other obligations issued to pay for initial construction and subsequent improvements to the water system as the same fall due and to provide for the creation of reserves as required by said obligations. Net revenues shall be maintained at a level sufficient to satisfy sound operations and borrowing practices.

90.10 DURATION. This agreement shall become effective from and after the date on which it is recorded with the Iowa Secretary of State and County Recorder, and shall continue in effect until terminated in the manner hereinafter provided.

90.11 CONTINGENCY. This agreement is contingent upon MRWS being granted a franchise by the City pursuant to Section 364.2, *Code of Iowa*, to construct, maintain, and operate the water treatment and distribution system.

90.12 TERMINATION. This agreement shall terminate upon the expiration of the franchise granted to MRWS. Termination for any other reason shall constitute a default in the performance of the terms and conditions of this agreement.

90.13 DEFAULT. If either party fails to timely perform any term or condition of this agreement, the other party shall have the right and option to terminate this agreement and defaulting party agrees to assume all outstanding indebtedness and reimburse the other for any expenses incurred in connection with the performance of this agreement, including attorney fees and costs relating to the enforcement hereof. The parties shall also be entitled to utilize any and all other remedies or actions at law or in equity available to them.

90.14 ASSIGNMENT. The City does hereby consent to and authorizes MRWS to assign and transfer its interest in this agreement, all property interests, whether real and personal, and all facilities to be constructed hereunder to any successor in interest or to the government, or any other lender, as collateral security for present or future loans. Nothing herein shall be construed to authorize a transfer which is prohibited by law.

90.15 GOVERNMENT APPROVAL. As the construction of the Project is in part being financed by a loan or loans made or insured by, and/or a grant or grants from the government, the provisions hereof pertaining to the undertakings of MRWS are conditioned upon the approval of the government.

BUILDING SEWERS AND CONNECTIONS

96.01 Permit
96.02 Permit Fee
96.03 Plumber Required
96.04 Excavations
96.05 Connection Requirements

96.06 Interceptors Required
96.07 Sewer Tap
96.08 Inspection Required
96.09 Property Owner's Responsibility
96.10 Abatement of Violations

96.01 PERMIT. No unauthorized person shall uncover, make any connection with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the City. The application for the permit shall set forth the location and description of the property to be connected with the sewer system and the purpose for which the sewer is to be used, and shall be supplemented by any plans, specifications, or other information considered pertinent. The permit shall require the owner to complete construction and connection of the building sewer to the public sewer within 60 days after the issuance of the permit, except that when a property owner makes sufficient showing that due to conditions beyond the owner's control or peculiar hardship, such time period is inequitable or unfair, an extension of time within which to comply with the provisions herein may be granted. Any sewer connection permit may be revoked at any time for a violation of these chapters.

96.02 PERMIT FEE. Before any permit is issued, the person who makes the application shall pay to the Clerk a \$25.00 permit fee, and a tapping fee of \$50.00 for a property which is assessed as residential, and a tapping fee of \$100.00 for all other property. The fees in this section shall be paid for each connection to a public sewer.

96.03 PLUMBER REQUIRED. All installations of building sewers and connections to the public sewer shall be made by a State-licensed plumber.

96.04 EXCAVATIONS. All trench work, excavation, and backfilling required for the installation of a building sewer shall be performed in accordance with the provisions of the *State Plumbing Code* and the provisions of Chapter 135 of this Code of Ordinances.

96.05 CONNECTION REQUIREMENTS. Any connection with a public sanitary sewer must be made under the direct supervision of the Superintendent and in accordance with the following:

1. Old Building Sewers. Old building sewers may be used in connection with new buildings only when they are found, on examination and test conducted by the owner and observed by the Superintendent, to meet all requirements of this chapter.
2. Separate Building Sewers. A separate and independent building sewer shall be provided for every occupied building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway. In such cases the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer.
3. Installation. The installation and connection of the building sewer to the public sewer shall conform to the requirements of the *State Plumbing Code* and applicable

rules and regulations of the City. All such connections shall be made gastight and watertight. Any deviation from the prescribed procedures and materials must be approved by the Superintendent before installation.

4. Water Lines. When possible, building sewers should be laid at least 10 feet horizontally from a water service. The horizontal separation may be less, provided the water service line is located at one side and at least 12 inches above the top of the building sewer.

5. Size. Building sewers shall be sized for the peak expected sewage flow from the building with a minimum building sewer size of four inches.

6. Alignment and Grade. All building sewers shall be laid to a straight line to meet the following:

- A. Recommended grade at one-fourth inch per foot.
- B. Minimum grade of one-eighth inch per foot.
- C. Minimum velocity of two feet per second with the sewer half full.
- D. Any deviation in alignment or grade shall be made only with the written approval of the Superintendent and shall be made only with approved fittings.

7. Depth. Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. The depth of cover above the sewer shall be sufficient to afford protection from frost.

8. Sewage Lifts. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such drain shall be lifted by approved artificial means and discharged to the building sewer.

9. Pipe Specifications. Building sewer pipe shall be free from flaws, splits, or breaks. Materials shall be as specified in the *State Plumbing Code* except that the building sewer pipe, from the property line to the public sewer, shall comply with the current edition of one of the following:

- A. Clay sewer pipe – A.S.T.M. C-700 (extra strength).
- B. Extra heavy cast iron soil pipe – A.S.T.M. A-74.
- C. Ductile iron water pipe – A.W.W.A. C-151.
- D. P.V.C. – SDR26 – A.S.T.M. D-3034.

10. Bearing Walls. No building sewer shall be laid parallel to or within three feet of any bearing wall that might thereby be weakened.

11. Jointing. Fittings, type of joint and jointing material shall be compatible with the type of pipe used, subject to the approval of the Superintendent. Solvent-welded joints are not permitted.

12. Unstable Soil. No sewer connection shall be laid so that it is exposed when crossing any watercourse. Where an old watercourse must of necessity be crossed or where there is any danger of undermining or settlement, cast iron soil pipe or vitrified clay sewer pipe thoroughly encased in concrete shall be required for such crossings. Such encasement shall extend at least six inches on all sides of the pipe. The cast iron pipe or encased clay pipe shall rest on firm, solid material at either end.

13. Preparation of Basement or Crawl Space. No connection for any residence, business or other structure with any sanitary sewer shall be made unless the basement floor is poured, or in the case of a building with a slab or crawl space, unless the ground floor is installed with the area adjacent to the foundation of such building cleared of debris and backfilled. The backfill shall be well compacted and graded so that the drainage is away from the foundation. Prior to the time the basement floor is poured, or the first floor is installed in buildings without basements, the sewer shall be plugged and the plug shall be sealed by the Superintendent. Any accumulation of water in any excavation or basement during construction and prior to connection to the sanitary sewer shall be removed by means other than draining into the sanitary sewer.

96.06 INTERCEPTORS REQUIRED. Grease, oil, sludge and sand interceptors shall be provided by gas and service stations, convenience stores, car washes, garages, and other facilities when, in the opinion of the Superintendent, they are necessary for the proper handling of such wastes that contain grease in excessive amounts or any flammable waste, sand or other harmful ingredients. Such interceptors shall not be required for private living quarters or dwelling units. When required, such interceptors shall be installed in accordance with the following:

1. Design and Location. All interceptors shall be of a type and capacity as specified in the *State Plumbing Code*, to be approved by the Superintendent, and shall be located so as to be readily and easily accessible for cleaning and inspection.
2. Construction Standards. The interceptors shall be constructed of impervious material capable of withstanding abrupt and extreme changes in temperature. They shall be of substantial construction, watertight and equipped with easily removable covers that shall be gastight and watertight.
3. Maintenance. All such interceptors shall be maintained by the owner at the owner's expense and shall be kept in continuously efficient operations at all times.

96.07 SEWER TAP. Connection of the building sewer into the public sewer shall be made at the "Y" branch, if such branch is available at a suitable location. If no properly located "Y" branch is available, a saddle "Y" shall be installed at the location specified by the Superintendent. The public sewer shall be tapped with a tapping machine and a saddle appropriate to the type of public sewer shall be glued or attached with a gasket and stainless steel clamps to the sewer. At no time shall a building sewer be constructed so as to enter a manhole unless special written permission is received from the Superintendent and in accordance with the Superintendent's direction if such connection is approved.

96.08 INSPECTION REQUIRED. All connections with the sanitary sewer system before being covered shall be inspected and approved, in writing, by the Superintendent. As soon as all pipe work from the public sewer to inside the building has been completed, and before any backfilling is done, the Superintendent shall be notified and the Superintendent shall inspect and test the work as to workmanship and material; no sewer pipe laid underground shall be covered or trenches filled until after the sewer has been so inspected and approved. If the Superintendent refuses to approve the work, the plumber or owner must proceed immediately to correct the work.

96.09 PROPERTY OWNER'S RESPONSIBILITY. All costs and expenses incident to the installation, connection, and maintenance of the building sewer shall be borne by the owner. The owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

96.10 ABATEMENT OF VIOLATIONS. Construction or maintenance of building sewer lines, whether located upon the private property of any owner or in the public right-of-way, which construction or maintenance is in violation of any of the requirements of this chapter, shall be corrected, at the owner's expense, within 30 days after date of official notice from the Council of such violation. If not made within such time, the Council shall, in addition to the other penalties herein provided, have the right to finish and correct the work and assess the cost thereof to the property owner. Such assessment shall be collected with and in the same manner as general property taxes.

USE OF PUBLIC SEWERS

97.01 Storm Water
97.02 Surface Waters Exception
97.03 Prohibited Discharges
97.04 Restricted Discharges

97.05 Restricted Discharges; Powers of Superintendent
97.06 Special Facilities
97.07 Control Manholes
97.08 Testing of Wastes

97.01 STORM WATER. No person shall discharge or cause to be discharged any storm water, surface water, groundwater, roof run-off, sub-surface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer. Storm water and all other unpolluted drainage shall be discharged to such sewers that are specifically designated as combined sewers or storm sewers or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged on approval of the Superintendent, to a storm sewer, combined sewer, or natural outlet.

97.02 SURFACE WATERS EXCEPTION. Special permits for discharging surface waters to a public sanitary sewer may be issued by the Council upon recommendation of the Superintendent where such discharge is deemed necessary or advisable for purposes of flushing, but any permit so issued shall be subject to revocation at any time when deemed to the best interests of the sewer system.

97.03 PROHIBITED DISCHARGES. No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

1. Flammable or Explosive Material. Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.
2. Toxic or Poisonous Materials. Any waters or wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant, including but not limited to cyanides in excess of two milligrams per liter as CN in the wastes as discharged to the public sewer.
3. Corrosive Wastes. Any waters or wastes having a pH lower than 5.5 or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.
4. Solid or Viscous Substances. Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.

average daily flow greater than two percent of the average sewage flow of the City, shall be subject to the review of the Superintendent.

B. Where necessary in the opinion of the Superintendent, the owner shall provide, at the owner's expense, such preliminary treatment as may be necessary to: (i) reduce the biochemical oxygen demand to 300 parts per million by weight; or (ii) reduce the suspended solids to 350 parts per million by weight; or (iii) control the quantities and rates of discharge of such waters or wastes. Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Superintendent and no construction of such facilities shall be commenced until said approvals are obtained in writing.

97.04 RESTRICTED DISCHARGES. No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes if it appears likely in the opinion of the Superintendent that such wastes can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming an opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances restricted are:

1. High Temperature. Any liquid or vapor having a temperature higher than 150 degrees F (65 degrees C).
2. Fat, Oil, Grease. Any water or waste containing fats, wax, grease or oils, whether emulsified or not, in excess of 100 milligrams per liter or 600 milligrams per liter of dispersed or other soluble matter.
3. Viscous Substances. Water or wastes containing substances that may solidify or become viscous at temperatures between 32 degrees F and 150 degrees F (0 degrees to 65 degrees C).
4. Garbage. Any garbage that has not been properly shredded, that is, to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half inch in any dimension.
5. Acids. Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solution whether neutralized or not.
6. Toxic or Objectionable Wastes. Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials.
7. Odor or Taste. Any waters or wastes containing phenols or other taste or odor producing substances, in such concentrations exceeding limits that may be established by the Superintendent as necessary, after treatment of the composite sewage, to meet the requirements of State, federal, or other public agencies of jurisdiction for such discharge to the receiving waters.

8. Radioactive Wastes. Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable State or federal regulations.
9. Excess Alkalinity. Any waters or wastes having a pH in excess of 9.5.
10. Unusual Wastes. Materials that exert or cause:
 - A. Unusual concentrations of inert suspended solids (such as, but not limited to, Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate).
 - B. Excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solutions).
 - C. Unusual B.O.D., chemical oxygen demand or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.
 - D. Unusual volume of flow or concentration of wastes constituting "slugs" as defined herein.
11. Noxious or Malodorous Gases. Any noxious or malodorous gas or other substance that, either singly or by interaction with other wastes, is capable of creating a public nuisance or hazard to life or of preventing entry into sewers for their maintenance and repair.
12. Damaging Substances. Any waters, wastes, materials, or substances that react with water or wastes in the sewer system to release noxious gases, develop color of undesirable intensity, form suspended solids in objectionable concentration or create any other condition deleterious to structures and treatment processes.
13. Untreatable Wastes. Waters or wastes containing substances that are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

97.05 RESTRICTED DISCHARGES; POWERS OF SUPERINTENDENT. If any waters or wastes are discharged or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Section 97.04 and which in the judgment of the Superintendent may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may:

1. Rejection. Reject the wastes by requiring disconnection from the public sewage system;
2. Pretreatment. Require pretreatment to an acceptable condition for discharge to the public sewers;
3. Controls Imposed. Require control over the quantities and rates of discharge; and/or
4. Special Charges. Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of Chapter 99.

97.06 SPECIAL FACILITIES. If the Superintendent permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent and subject to the requirements of all applicable codes, ordinances, and laws. Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at the owner's expense.

97.07 CONTROL MANHOLES. When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at the owner's expense, and shall be maintained by the owner so as to be safe and accessible at all times.

97.08 TESTING OF WASTES. All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this chapter shall be determined in accordance with the latest edition of *Standard Methods for the Examination of Water and Wastewater*, published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a 24-hour composite of all outfalls of a premises is appropriate or whether a grab sample or samples should be taken. Normally, but not always, B.O.D. and suspended solids analyses are obtained from 24-hour composites of all outfalls whereas pH's are determined from periodic grab samples).

(567 IAC 69.1[3])

98.06 MAINTENANCE OF SYSTEM. The owner of an on-site wastewater treatment and disposal system shall operate and maintain the system in a sanitary manner at all times and at no expense to the City.

98.07 SYSTEMS ABANDONED. At such time as a public sewer becomes available to a property served by an on-site wastewater treatment and disposal system, as provided in Section 95.05, a direct connection shall be made to the public sewer in compliance with these Sanitary Sewer chapters and the on-site wastewater treatment and disposal system shall be abandoned and filled with suitable material.

99.01 SEWER SERVICE CHARGES REQUIRED. Each customer shall pay sewer service charges for the use of and for the service supplied by the municipal sanitary sewer system based upon the amount of water consumed as follows:

(Code of Iowa, Sec. 384.84)

1. Each customer shall pay a minimum monthly amount of \$35.71. This shall be for up to the first 6,000 gallons of water used per monthly billing cycle.

This section shall not prohibit the Council from adopting rate changes by resolution and with appropriate notice, as outlined in *Code of Iowa* Section 362.3, at any time in a fiscal year.

The service charges contained herein shall be increased by 10 percent for all customers located outside the corporate limit of the City which the City has agreed to serve.

99.02 SPECIAL RATES. Where, in the judgment of the Council, special conditions exist to the extent that the application of the sewer charges provided in Section 99.01 would be inequitable or unfair to either the City or the customer, a special rate shall be established by the Council.

(Code of Iowa, Sec. 384.84)

99.03 PRIVATE WATER SYSTEMS. Customers whose premises are served by a private water system shall pay sewer charges based upon the water used as determined by the City either by an estimate agreed to by the customer or by metering the water system at the customer's expense. 99.05 LIEN FOR NONPAYMENT. The owner of the premises served and any lessee or tenant thereof shall be jointly and severally liable for sewer service charges to the premises. Sewer service charges remaining unpaid and delinquent shall constitute a lien upon the property

or premises served and shall be certified by the Clerk to the County Treasurer for collection in the same manner as property taxes.

(Code of Iowa, Sec. 384.84)

99.06 LIEN EXEMPTION.

(Code of Iowa, Sec. 384.84)

1. Exemption. The lien for nonpayment shall not apply to the charges for any of the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, and solid waste disposal for a residential rental property where the charge is paid directly to the City by the tenant, if the landlord gives written notice to the City that the property is residential rental property and that the tenant is liable for the rates or charges for such service. The City may require a deposit not exceeding the usual cost of 90 days of such services to be paid to the City. When the tenant moves from the rental property, the City shall refund the deposit if all service charges are paid in full. The lien exemption does not apply to delinquent charges for repairs related to any of the services.

2. Written Notice. The landlord's written notice shall contain the name of the tenant responsible for charges, the address of the residential or commercial rental property that the tenant is to occupy, and the date that the occupancy begins. Upon receipt, the City shall acknowledge the notice and deposit. A change in tenant for a residential rental property shall require a new written notice to be given to the City within 30 business days of the change in tenant. A change in tenant for a commercial rental property shall require a new written notice to be given to the City within 10 business days of the change in tenant. A change in the ownership of the residential rental property shall require written notice of such change to be given to the City within 30 business days of the completion of the change of ownership. A change in the ownership of the commercial rental property shall require written notice of such change to be given to the City within 10 business days of the completion of the change of ownership.

3. Mobile Homes, Modular Homes, and Manufactured Homes. A lien for nonpayment of utility services described in subsection 1 of this section shall not be placed upon a premises that is a mobile home, modular home, or manufactured home if the mobile home, modular home, or manufactured home is owned by a tenant of and located in a mobile home park or manufactured home community and the mobile home park or manufactured home community owner or manager is the account holder, unless the lease agreement specifies that the tenant is responsible for payment of a portion of the rates or charges billed to the account holder.

99.07 LIEN NOTICE. A lien for delinquent sewer service charges shall not be certified to the County Treasurer unless prior written notice of intent to certify a lien is given to the customer in whose name the delinquent charges were incurred. If the customer is a tenant and if the owner or landlord of the property or premises has made a written request for notice, the notice shall also be given to the owner or landlord. The notice shall be sent to the appropriate persons by ordinary mail not less than 30 days prior to certification of the lien to the County Treasurer.

(Code of Iowa, Sec. 384.84)

99.08 SPECIAL AGREEMENTS PERMITTED. No statement in these chapters shall be construed as preventing a special agreement, arrangement, or contract between the Council, and

Disposable containers shall be securely fastened, and reusable containers shall be fitted with a fly-tight lid that shall be kept in place except when depositing or removing the contents of the container. Reusable containers shall also be lightweight and of sturdy construction and have suitable lifting devices.
 - B. Commercial. Every person owning, managing, operating, leasing or renting any commercial premises where an excessive amount of refuse accumulates and where its storage in portable containers as required above is impractical, shall maintain metal bulk storage containers approved by the City.
2. Storage of Containers. Residential solid waste containers shall be stored upon the residential premises. Commercial solid waste containers shall be stored upon private property, unless the owner has been granted written permission from the City to use public property for such purposes. The storage site shall be well drained and fully accessible to collection equipment, public health personnel, and fire inspection personnel. All owners of residential and commercial premises shall be responsible for proper storage of all garbage and yard waste to prevent materials from being blown or scattered around neighboring yards and streets.
3. Location of Containers for Collection. Containers for the storage of solid waste awaiting collection shall be placed outdoors at some easily accessible place by the owner or occupant of the premises served.

136.01 PURPOSE. The purpose of this chapter is to enhance safe passage by citizens on sidewalks, to place the responsibility for the maintenance, repair, replacement, or reconstruction of sidewalks upon the abutting property owner and to minimize the liability of the City.

136.02 DEFINITIONS. For use in this chapter the following terms are defined:

1. "Broom finish" means a sidewalk finish that is made by sweeping the sidewalk when it is hardening.
2. "Established grade" means that grade established by the City for the particular area in which a sidewalk is to be constructed.
3. "One-course construction" means that the full thickness of the concrete is placed at one time, using the same mixture throughout.
4. "Owner" means the person owning the fee title to property abutting any sidewalk and includes any contract purchaser for purposes of notification required herein. For all other purposes, "owner" includes the lessee, if any.
5. "Portland cement" means any type of cement except bituminous cement.
6. "Sidewalk" means all permanent public walks in business, residential or suburban areas.
7. "Sidewalk improvements" means the construction, reconstruction, repair, replacement, or removal, of a public sidewalk and/or the excavating, filling or depositing of material in the public right-of-way in connection therewith.
8. "Wood float finish" means a sidewalk finish that is made by smoothing the surface of the sidewalk with a wooden trowel.

136.03 REMOVAL OF SNOW, ICE, AND ACCUMULATIONS. The abutting property owner shall remove snow, ice, and accumulations promptly from sidewalks. If a property owner does not remove snow, ice, or accumulations within 24 hours, the City may do so and assess the costs against the property owner for collection in the same manner as a property tax. The abutting property owner may be liable for damages caused by failure to remove snow, ice, and accumulations promptly from the sidewalk.

(Code of Iowa, Sec. 364.12[2b & e])

136.04 PROPERTY OWNER'S RESPONSIBILITY FOR MAINTENANCE. The abutting property owner shall maintain in a safe and hazard-free condition any sidewalk outside the lot and property lines and inside the curb lines or, in the absence of a curb, any sidewalk between the property line and that portion of the public street used or improved for vehicular purposes. The abutting property owner may be liable for damages caused by failure to maintain the sidewalk.

(Code of Iowa, Sec. 364.12[2c])

136.05 CITY MAY ORDER REPAIRS. If the abutting property owner does not maintain sidewalks as required, the Council may serve notice on such owner, by certified mail, requiring the owner to repair, replace or reconstruct sidewalks within a reasonable time and if such action is not completed within the time stated in the notice, the Council may require the work to be done and assess the costs against the abutting property for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[2d & e])

136.06 SIDEWALK CONSTRUCTION ORDERED. The Council may order the construction of permanent sidewalks upon any street or court in the City and may specially assess the cost of such improvement to abutting property owners in accordance with the provisions of Chapter 384 of the *Code of Iowa*.

(Code of Iowa, Sec. 384.38)

136.07 PERMIT REQUIRED. No person shall remove, reconstruct, or install a sidewalk unless such person has obtained a permit from the City and has agreed in writing that said removal, reconstruction, or installation will comply with all ordinances and requirements of the City for such work. The permit shall also state that the work will be done under the direction and approval of the City Superintendent. All such permits shall be issued without charge and a copy thereof, with the application, shall be filed and preserved in the office of the Clerk. The permit shall state when the work is to be commenced and when the work is to be completed. The time of completion for the sidewalk improvements may be extended by the Council. All permits for sidewalk improvements not ordered by resolution of the Council shall be issued in compliance with the chapter. The Council may withhold the issuance of any permit for any sidewalk improvements for a sufficient period to determine the necessity for the proposed improvements or when weather conditions will adversely affect the sidewalk improvements.

136.08 FAILURE TO OBTAIN PERMIT. Whenever any sidewalk improvements are made which do not conform to the provisions of this chapter and with the specifications, or when any sidewalk improvements are made without a permit, the Mayor shall serve notice to obtain a permit upon the property owner and upon the contractor doing the work. If the sidewalk is in the course of construction, the notice shall order the work to stop until a permit is obtained and the work is corrected to comply with the specifications. If the sidewalk work has been completed, the owner shall obtain a permit immediately and perform any needed correction within five days after receipt of the permit. If the owner fails to comply with this notice, the Mayor shall have the work completed and the costs assessed to the property owner.

136.09 INSPECTION AND APPROVAL. Upon final completion, the City Superintendent shall inspect the work and may order corrections if the work does not meet specifications. When the work does meet all requirements of this chapter, the specifications and the permit, the Superintendent shall indicate this on both copies of the permit.

136.10 SIDEWALK STANDARDS. Sidewalks repaired, replaced, or constructed under the provisions of this chapter shall be of the following construction and meet the following standards:

1. Cement. Portland cement shall be the only cement used in the construction and repair of sidewalks.
2. Construction. Sidewalks shall be of one-course construction.
3. Sidewalk Base. Concrete may be placed directly on compact and well-drained soil. Where soil is not well drained, a three-inch sub-base of compact, clean, coarse gravel or sand shall be laid. The adequacy of the soil drainage is to be determined by the City.

145.02 GENERAL DEFINITION OF UNSAFE. All buildings or structures that are structurally unsafe or not provided with adequate egress, or that constitute a fire hazard, or are otherwise dangerous to human life, or that in relation to existing use constitute a hazard to safety or health, or public welfare, by reason of inadequate maintenance, dilapidation, obsolescence, or abandonment, are, for the purpose of this chapter, unsafe buildings. All such unsafe buildings are hereby declared to be public nuisances and shall be abated by repair, rehabilitation, demolition, or removal in accordance with the procedure specified in this chapter.

(Code of Iowa, Sec. 657A.1 & 364.12[3a])

145.03 UNSAFE BUILDING. “Unsafe building” means any structure or mobile home meeting any or all of the following criteria:

1. Various Inadequacies. 5. Abandoned. Whenever any portion of a building or structure remains on a site after the demolition or destruction of the building or structure or whenever any building or structure is abandoned for a period in excess of six months so as to constitute such building or portion thereof an attractive nuisance or hazard to the public.

145.04 NOTICE TO OWNER. The enforcement officer shall examine or cause to be examined every building or structure or portion thereof reported as dangerous or damaged and, if such is found to be an unsafe building as defined in this chapter, the enforcement officer shall give to the owner of such building or structure written notice stating the defects thereof. This notice may require the owner or person in charge of the building or premises, within 48 hours

or such reasonable time as the circumstances require, to commence either the required repairs or improvements or demolition and removal of the building or structure or portions thereof, and all such work shall be completed within 90 days from date of notice, unless otherwise stipulated by the enforcement officer. If necessary, such notice shall also require the building, structure, or portion thereof to be vacated forthwith and not reoccupied until the required repairs and improvements are completed, inspected, and approved by the enforcement officer.

(Code of Iowa, Sec. 364.12[3h])

1. Notice Served. Such notice shall be served by sending by certified mail to the owner of record, according to Section 364.12[3h] of the *Code of Iowa*, if the owner is found within the City limits. If the owner is not found within the City limits, such service may be made upon the owner by registered mail or certified mail. The designated period within which said owner or person in charge is required to comply with the order of the enforcement officer shall begin as of the date the owner receives such notice.
2. Hearing. Such notice shall also advise the owner that he or she may request a hearing before the Council on the notice by filing a written request for hearing within the time provided in the notice.

2. Owner's Rights. At the hearing, the owner may appear and show cause why the alleged nuisance shall not be abated.
3. Determination. The Council shall make and record findings of fact and may issue such order as it deems appropriate.[†]

145.06 POSTING OF SIGNS. The enforcement officer shall cause to be posted at each entrance to such building a notice to read: "DO NOT ENTER. UNSAFE TO OCCUPY. CITY OF NEW SHARON, IOWA." Such notice shall remain posted until the required demolition, removal or repairs are completed. Such notice shall not be removed without written permission of the enforcement officer and no person shall enter the building except for the purpose of making the required repairs or of demolishing the building.

145.07 RIGHT TO DEMOLISH; MUNICIPAL INFRACTION. In case the owner fails, neglects, or refuses to comply with the notice to repair, rehabilitate, or to demolish and remove the building or structure or portion thereof, the Council may order the owner of the building prosecuted as a violator of the provisions of this chapter and may order the enforcement officer to proceed with the work specified in such notice. A statement of the cost of such work shall be transmitted to the Council. As an alternative to this action, the City may utilize the municipal infraction process to abate the nuisance.

(Code of Iowa, Sec. 364.12[3h])

[†] **EDITOR'S NOTE:** Suggested forms of notice and of a resolution and order of the Council for the administration of this chapter are provided in the APPENDIX to this Code of Ordinances. Such costs shall be charged to the owner of the premises involved and levied as a special assessment against the land on which the building or structure is located, and shall be certified to the County Treasurer for collection in the manner provided for other taxes. The Council may also order the removal of any trees on the streets of the City which interfere with the making of improvements or with travel thereon.

2. Private Property. If it is determined with reasonable certainty that any such condition exists on private property and that danger to other trees or to adjoining property or passing motorists or pedestrians is imminent, the Council shall notify by certified mail the owner, occupant or person in charge of such property to correct such condition by treatment or removal within 14 days of said notification. If such owner, occupant, or person in charge of said property fails to comply within 14 days of receipt of notice, the Council may cause the condition to be corrected and the cost assessed against the property.

APPENDIX TO CODE OF ORDINANCES

USE AND MAINTENANCE OF THE CODE OF ORDINANCES

The following information is provided to assist in the use and proper maintenance of this Code of Ordinances.

DISTRIBUTION OF COPIES

1. **OFFICIAL COPY.** The “OFFICIAL COPY” of the Code of Ordinances must be kept by the City Clerk and should be identified as the “OFFICIAL COPY.”

2. **DISTRIBUTION.** Other copies of the Code of Ordinances should be made available to all persons having a relatively frequent and continuing need to have access to ordinances which are in effect in the City as well as reference centers such as the City Library, County Law Library, and perhaps the schools.

3. **SALE.** The sale or distribution of copies in a general fashion is not recommended as experience indicates that indiscriminate distribution tends to result in outdated codes being used or misused.

4. **RECORD OF DISTRIBUTION.** The City Clerk should be responsible for maintaining an accurate and current record of persons having a copy of the Code of Ordinances. Each official, elected or appointed, should return to the City, upon leaving office, all documents, records and other materials pertaining to the office, including this Code of Ordinances.

(Code of Iowa, Sec. 372.13[4])

NUMBERING OF ORDINANCES AMENDING THE CODE OF ORDINANCES

It is recommended that a simple numerical sequence be used in assigning ordinance numbers to ordinances as they are passed. For example, if the ordinance adopting the Code of Ordinances is No. 163, we would suggest that the first ordinance passed changing, adding to, or deleting from the Code be assigned the number 164, the next ordinance be assigned the number 165, and so on. We advise against using the Code of Ordinances numbering system for the numbering of ordinances.

RETENTION OF AMENDING ORDINANCES

Please note that two books should be maintained: (1) the Code of Ordinances; and (2) an ordinance book. We will assist in the maintenance of the Code of Ordinances book, per the Supplement Agreement, by revising and returning appropriate pages for the Code of Ordinances book as required to accommodate ordinances amending the Code. The City Clerk is responsible for maintaining the ordinance book and must be sure that an original copy of each ordinance adopted, bearing the signatures of the Mayor and Clerk, is inserted in the ordinance book and preserved in a safe place.

SUPPLEMENT RECORD

A record of all supplements prepared for the Code of Ordinances is provided in the front of the Code. This record will indicate the number and date of the ordinances adopting the original Code and of each subsequently adopted ordinance which has been incorporated in the Code. For each supplemented ordinance, the Supplement Record will list the ordinance number, date, topic, and chapter or section number of the Code affected by the amending ordinance. A periodic review of the Supplement Record and ordinances passed will assure that all ordinances amending the Code have been incorporated therein.

DISTRIBUTION OF SUPPLEMENTS

Supplements containing revised pages for insertion in each Code will be sent to the Clerk. It is the responsibility of the Clerk to see that each person having a Code of Ordinances receives each supplement so that each Code may be properly updated to reflect action of the Council in amending the Code.

AMENDING THE CODE OF ORDINANCES

The Code of Ordinances contains most of the laws of the City as of the date of its adoption and is continually subject to amendment to reflect changing policies of the Council, mandates of the State, or decisions of the Courts. Amendments to the Code of Ordinances can only be accomplished by the adoption of an ordinance.

(Code of Iowa, Sec. 380.2)

The following forms of ordinances are recommended for making amendments to the Code of Ordinances:
